

STANISLAUS HEALTH FOUNDATION

Board Member Application Information

The mission of the Stanislaus Health Foundation is to provide funding and support to the Stanislaus County Health Services Agency and the Valley Family Medicine Residency Program through healthcare scholarships, preventative programs and equipment for quality patient care. The Foundation is a non-profit, 501 (c) 3 organization with a volunteer Board of Directors.

The Foundation supports initiatives around the Social Determinants of Health:

- Access to Health
- Built environment
- Basic needs
- Education

As part of our strategic priorities, we:

- Support the Stanislaus County Health Services Agency, Valley Family Medicine Residency Program and health initiatives for the vision of *Healthy People in a Healthy Stanislaus* through community collaborations
- Create community health awareness
- Generate income to fund health programs, equipment and scholarships
- Educate the community.

Board members serve a two year term and are responsible for:

- Recruiting other Board members
- The general oversight of the Foundation
- The creation and implementation of strategies and programs that further the work of the Foundation.

Since the Foundation currently has minimal administrative staff, it is important to know that this is a “working Board” relying on the efforts of its members. Board members attend monthly meetings (or notify the Executive Director if unable to attend) and participate on at least one special event committee per year.

The Board consists of a broad range of dedicated community leaders and professional people. The team effort of this group since 1982 has raised in excess of \$1-million which has been used to directly benefit the Stanislaus County Health Services Agency and the people in our community.

For specific Board member expectations, please refer to the Stanislaus Health Foundation Bylaws or direct questions to the Executive Director at (209) 558-4802.
